Wisher

Terminal

I walk faster
But it always catches up to me
We talk all night
Never saying anythingI am all that's in my way do you
Ever feel the same?
Miracles don't exist in us
We just wish ourselves away
Miracles don't exist in us
We just wish ourselves awayI'm not like this way
Removed and so ashamed
I'm not like this way
Removed and so ashamedI am all that's in my way do you
Ever feel the same?
Miracles don't exist in us
We just wish ourselves away
Miracles don't exist in us
We just wish ourselves away
