

Afterlife (Ark Patrol Remix)

Xylo

I'm bad luck baby, you know
Follows me around everywhere I go, and
I don't need your sympathy, no
I need a fuckin' miracle, oh
Red wine, teeth stain, it's been a long day,
I just want your love not your money
Leave me here, I'll be fine,
I'll wait for the stars to align 'Cause oh, how the other half live
With their perfect skin
And oh, how I'll never be, never be just like them So, I, I, I'm waiting for the afterlife
To show me a good time baby, somebody save me
I just wanna be loved
I, I, I'm waiting for the afterlife
To show me a good time baby, somebody save me
I just wanna be loved Don't watch tv no more, the news fucking scares me
New world war, and I don't wanna run away, no
I need a fuckin' holiday
So bad blood, bankrupt, out of love and luck
I'll get the keys to your Murci@lago
Another drink will save me through, feeling invincible So, oh, how the other half live
With their perfect teeth
And oh, how I'll never be, never be just like them So, I, I, I'm waiting for the afterlife
To show me a good time baby, somebody save me
I just wanna be loved
I, I, I'm waiting for the afterlife
To show me a good time baby, somebody save me
I just wanna be loved (x2)
We're still young, but we got older
We don't believe everything that we're told, yeah
We just wanna love, we just wanna be loved So, I, I, I'm waiting for the afterlife
To show me a good time baby, somebody save me
I just wanna be loved
I, I, I'm waiting for the afterlife
To show me a good time baby, somebody save me
I just wanna be loved
