No Signal

Chris Travis

[Verse 1: Chris Travis]

Call me legendary
Leave you in a cemetery
Backwoods honeyberry, pretty bitch,
pretty cherry
Paid boy no secretary, just a walkin' missionary
Yall niggas ordinary
Water boys extraordinary
Ima guide you to the place
When you make it then you safe
Fuck boys wanna flex, fuck boys get misplaced
You can catch me at my place
Shrimp with teriyaki steak
All i wanna do is eat
All i wanna do is face
20 blunts to myself on repeat everyday
On the beach house on a lake
I just wanna get away
Yall niggas a disgrace
Make music that go to waste
Im so high dont know the date
So dont ask me whats today
Water boys in the tank
Water boys hurricane
On yo whole lil movement
Leave you washed up in the rain
Im just tryna make some money then dip off on a plane
Headed to the next city i just hope aint no delays
Car service hit the front
L.V's on my bag
Still a broke young nigga i aint even tryna brag
But my debit card rich
I aint even got a sack
Still get shit that i want
That i never ever had
Imma menice young nigga all i know is touch and grab
Imma violent young nigga all i know is punch and stab
Yall niggas aint shit

Imma shark you a crab
You can get with the squad
Or you can drown like the last bitch

[Outro x2]
Who you bitches fooling
They know that i do this
Young kenshin is ruthless
These niggas is so stupid
Dont judge me on my music
Water boys the movement
The plan is so soothing
The man that you losing
