

# Micropenis

## Knife Party

Micropenis  
You have a micropenis  
Micropenis  
You have a micropenis  
Micropenis  
You have a micropenis  
Micropenis  
You have a micropenis  
Our hero has reached the end of his journey  
But in a way, he is just beginning  
Young man  
You must use what little power you have  
To conquer the world  
And save the princess  
Micropenis  
You have a micropenis  
Micropenis  
You have a micropenis
