Never Be Alone

Shawn Mendes

I promise that one day I'll be around
I'll keep you safe
I'll keep you soundRight now it's pretty crazy
And I don't know how to stop
Or slow it downHey
I know there are some things we need to talk about
And I can't stay
Just let me hold you for a little longer nowTake a piece of my heart
And make it all your own
So when we are apart
You'll never be alone
You'll never be aloneYou'll never be alone
When you miss me close your eyes
I may be far but never goneWhen you fall asleep tonight
Just remember that we lay under the same starsAnd hey
I know there are some things we need to talk about
And I can't stay
Just let me hold you for a little longer nowAnd take a piece of my heart
And make it all your own
So when we are apart
You'll never be alone
You'll never be alone
You'll never be alone
You'll never be alone
You'll never be alone
You'll never be aloneAnd take a piece of my heart
And make it all your own
So when we are apart
You'll never be alone
You'll never be alone
