Wanna Be (feat. L.P.)

Ex Cops

Stardust and star sights have never been the pain
Long walks and sunshine dont make me wanna sing
And whenever hes on
Lead me to the dance floor
Only the lonely can understand the way of taking slowly so no one sees the pain
If you wouldve told me I could be so low
It's looking for the stone, it's the night to be alon e
Then you started loving me
Crashing through the haze and now I'm loving everyday more than I want to be
Want to be
You got a problem and no one needs ot know
Washed up on my island and it now it feels like home
Its kinda surprising I hardly know the end now
Oh ooh ohhh
It's looking for the stone it's the night to be alone
Then you started loving me
Crashing through the haze and now I'm loving everyday more than I want to be
Want to be
I love just looking at you
Is what you say to me
I like just looking at you just before you fall asleep
I like just looking at you sometimes I just can't believe
It's looking for the stone it's the night to be alone
Then you started loving me
Crashing through the haze and now I'm loving everyday more than I want to be
Want to be
It's looking for the stone it's the night to be alone
Then you started loving me
Crashing through the haze and now I'm loving everyday more than I want to be
Want to be
I love just looking at you
Is what you say to me
I like just looking at you just before you fall asleep
I like just looking at you sometimes I just can't believe
