

Deliver Us from Evil

Bullet for My Valentine

Advisory - the following lyrics contain explicit language:

What's happening to me? I'm dying from the inside
Body hurts too much to feel
Pressure adds the pain deliver us from evil
Straying out of sanity Why can't you let me be? Is nothing else important?
Does my mind mean more to you?
'Cause if I carry on deliver us from evil
Screaming for your vanity Will darkness turn to light?
Will darkness turn to light?
Can someone wake me from this nightmare?
Here we go, here we go The tank is empty let it dry, I'm suffering
A passion ending so the world ceases turning
The tank is empty let it dry So now I hope you see, I'm nothing more than human
Making plans for enemies
But here we go again deliver us from evil
Crawling back to insanity Will darkness turn to light?
Will darkness turn to light?
Can someone wake me from this nightmare?
Here we go, here we go The tank is empty let it dry, I'm suffering
A passion ending so the world ceases turning
The tank is empty let it dry, I'm suffering
A passion ending so the world ceases turning
The tank is empty let it dry, I'm suffering What's happening to me? I'm dying from the inside
Body hurts too much to feel
Pressure adds the pain, deliver us from evil through evil
Pressure adds the pain, we're evil, we're evil, we're evil Will darkness turn to light?
Will darkness turn to light?
Can someone wake me from this nightmare?
Here we go, here we die The tank is empty let it dry, I'm suffering The tank is empty let it dry, I'm suffering
A passion ending so the world ceases turning
The tank is empty let it dry, I'm suffering
A passion ending so the world ceases turning The tank is empty let it dry, I'm suffering
A passion ending so the world ceases turning

The tank is empty let it dry, I'm suffering
A passion ending so the world ceases turning
The tank is empty let it dry, I'm suffering
I'm turning, I'm suffering
I'm turning, I'm suffering
I'm turning
