

Blue

Marina and The Diamonds

We've broken up and now I regret it
I said goodbye when I shouldn't have said it
I even cried but I never meant it
And I don't know why but I can't forget it, forget it
Gimme love, gimme dreams, gimme a good self esteem
Gimme good and pure, what you waiting for?
Gimme everything, all your heart can bring
Something good and true
I don't wanna feel blue anymore (Blue)
I don't wanna feel blue anymore (Blue)
Gimme, gimmeGimme one more night
One last goodbye
Let's do it one last time
Let's do it one last time
One more timeNo, I don't love you
No, I don't care
I just want to be held when I'm scared
And all I want is one night with you
Just 'cause I'm selfish
I know it's true
Gimme love, gimme dreams, gimme a good self esteem
Gimme good and pure, what you waiting for?
Gimme everything, all your heart can bring
Something good and true
I don't wanna feel blue anymore (Blue)
I don't wanna feel blue anymore (Blue)
Gimme, gimmeGimme one more night
One last goodbye
Let's do it one last time
Let's do it one last time
One more timeI'm sick of looking after you
I need a man to hold on to
I'm bored of everything we do
But I just keep coming back to you
I'm sick of looking after you
I need a man to hold on to
I'm bored of everything we do
But I just keep coming back to you
For one more night
One last goodbye
Let's do it one last time
Let's do it one last time

One more timeGimme love, gimme dreams
Gimme a good self esteem
Gimme good and pure, what you waiting for?
Gimme everything, all your heart can bring
Something good and true
I don't wanna feel blue anymore (Blue)
I don't wanna feel blue anymore (Blue)
Gimme, gimme, gimme anything
But blue, blue, blue, royal blue
I just wanna know who I'm looking for (Blue)
Gimme, gimme, gimme anything but blue, blue, blue
