Show No Mercy

Blasphemy Divine

I, I hear the mighty engines roar
And I unleash the savage dogs of war
Ooh, I'm the outlaw that rides
White Anglo Saxon
A violent reaction
Fire is my fuel
Steel and iron rule
Ride on wasteland
A madman's badland
Ride on wasteland
And I will survive to show no mercy
I can feel the cycles as they turn
And I can smell the bodies as they burn
Ooh, the city's on fire
White Anglo Saxon
A violent reaction
Fire is my fuel
Steel and iron rule
Ride on wasteland
A madman's badland
Ride on wasteland
And I will survive to show no mercy
Pain and hunger
All across then thunder
Life is for the biggest
It's survival of the fittest
Ride on wasteland
(Show no mercy)
A madman's badland
(On you)
Ride on wasteland
(Show no mercy)
A madman's badland
(On you, on you, on you)
