

# Show No Mercy

## Blasphemy Divine

I, I hear the mighty engines roar  
And I unleash the savage dogs of war  
Ooh, I'm the outlaw that rides  
White Anglo Saxon  
A violent reaction  
Fire is my fuel  
Steel and iron rule  
Ride on wasteland  
A madman's badland  
Ride on wasteland  
And I will survive to show no mercy  
I can feel the cycles as they turn  
And I can smell the bodies as they burn  
Ooh, the city's on fire  
White Anglo Saxon  
A violent reaction  
Fire is my fuel  
Steel and iron rule  
Ride on wasteland  
A madman's badland  
Ride on wasteland  
And I will survive to show no mercy  
Pain and hunger  
All across then thunder  
Life is for the biggest  
It's survival of the fittest  
Ride on wasteland  
(Show no mercy)  
A madman's badland  
(On you)  
Ride on wasteland  
(Show no mercy)  
A madman's badland  
(On you, on you, on you)
