Testimony

Robbie Robertson

Look over yonder, Apollo at a distance You can hear his music if you listen to the wind (blow) I want to be there - I want to be right thereBear witness, I'm wailing like the wind Come bear witness, the half-breed rides again In these hands, I've held the broken dream In my soul, I'm howling at the moonTestimony, testimony Declare yourself - I will testify Testimony, testimony Speak the truth, I will testify I had a revelation like runaway horses Took to the road with a carnival show (roll on) Those golden days on Smokey Mountain Playing guitar in a one man bandBear witness, I'm howling at the moon Come bear witness, I've danced among the ruins In these shoes, I've walked a crooked mile All my life I been searching for the nightbirdTestimony, testimony Declare yourself - I will testify Testimony, testimony Speak the truth, I will testify Are you ready to take the heat Are you ready to blow the steam Are you ready to bag the street You got nothing to lose - but your chainsFor forty days and forty nights I come across the desert Apollo right by mide side (rave on)Bear witness, I'm wailing like the wind Come bear witness, the half-breed rides again In these hands, I've held the broken dream
