He Gave Her Water

Acappella

Chorus:
Oh Jesus, he gave her water
You know my Jesus gave her water
Oh Jesus gave her water
And it was not from the well

Well, there was a woman from Samaria
She came to the well to get some water
It was there she met a stranger
And he did her story tell
She left my savior singing
She came back to him bringing
The time she had water
And it was not from the well

Repeat Chorus

Well on that woman he had pity
She ran back to the city
Crying glory hallelujah
I'm gonna let his praises swell
Every time she'd doubt him
She's stop and think about him
The man that gave her that living water
And it was not from the well

Oh, gave her water
Jesus gave her water
Oh Jesus he gave her water
I'm gonna let his praises swell
Jesus gave that woman water
He gave her that living lasting water
Oh, and it was not from the well
(Repeat)
