

Blue Eyes

King Diamond

I open my eyes...I can barely see

I got a feeling inside

No one's here but me, no one's here but me...OhhhI'm stone cold...I must be lying on a floor

My hands are tied to the wall.. An Iron chain, I can't move at all

Oh...I remember, I must be in the CellarMy eyes are sucking on the Dark to lighten the gloom

My eyes are no more blind, I can see what's in this roomFull of skeletons, dressed in human skin...

They're sitting on their shelves, a cellar full of Sin..

They're made from humans"Ahh.. Ahh.. Ahh.."So many Puppets here, there are eyes everywhere

There are eyes I recognize

Oh no, it's the eyes of my love.. The eyes of my love

Oh Victoria Nooooo[solo: Andy]My hands are tied to the wall.. An Iron chain, I can't move at all

Oh...I remember[solos: Andy - Mike]Full of skeletons, dressed in human skin:

They're sitting on their shelves, a cellar full of Sin..I open my eyes.. I can barely see a thing

All the tears in my eyes, someone better say it's a dream[solo: Mike]"Blue eyes, blue eyes", blue eyes I

recognize

"Blue eyes in the night"

They see nothing, and yet they're so aliveBlue eyes, they're so alive

All the tears in my eyes, someone better say it's a dream"Blue eyes, blue eyes", blue eyes I recognize

"Blue eyes in the night"

They see nothing, and yet they're so alive

Yet they're so alive: yet they're so alive
