

Truth Is A Whisper

Goo Goo Dolls

Truth is a whisper, only a choice
Nobody hears above this noise
To the end of
There's always a risk when you try to believe
In this something
I know that there's so much more than me
YeahYeah, you're caught in the rules of the world
It's just a promise no one ever keeps
Now it's changin' while you sleep
'Coz no one here can see(You know all I am)
Feel the smolderin'
(You know all I am)
Can you teach me to believe in something?Sometimes you choke on the smell just to breathe
I need to question what I need?
Livin' in the silence that beats through the mind
Still you forget what you deny
Yeah!Now you're caught in the rules of the world
It's a just a promise no one ever keeps
And now it's changin' in your sleep
'Coz no one here can see(You know all I am)
Feel the smolderin'
(You know all I am)
Can you teach me to believe in something?There's a wall to answer to
Do you listen when it speaks?
Orders everything for youAnd do you find it hard to sleep
Or is it easy on your own
And will you ever find some peace
Before you're gone(You know all I am)
Feel the smolderin'
(You know all I am)
Can you teach me to believe in something?
