

2 Blocks Down

Play

On the bridge, two blocks down Im glad, we kept a line all through the things Ive said and done

And I know just what Im like, when it comes to this

I cant say what I really want, I cant show how I really feel

I never let somebody through the door

(Never let somebody through the door)

But here I am now answering your call, oh oh Take a right by the telephone booth

Two blocks down theres a park you cant miss it

Dont stop to enjoy the view 'cause I

I really miss ya Theres a bridge right ahead of you

Just run for a kiss so meant to be, I dont care how

So take your time just get here now

Im the girl

(Im the girl)

On the bridge

(On the bridge)

Two blocks down in the park you cant miss it (Girl, two blocks down)

I wont say that Im sorry no

(No)

'Cause thats just one side of me

But you proved you can handle that so well, now boy When others would run you stayed and loved

Made me feel good, you made me feel sure

I never let somebody through the door

(Never let somebody through the door)

But here I am now answering your call, oh oh Take a right by the telephone booth

Two blocks down theres a park you cant miss it

Dont stop to enjoy the view 'cause I, I really miss ya Theres a bridge right ahead of you

Just run for a kiss so meant to be, I dont care how

So take your time just get here now

Im the girl

(Im the girl)

On the bridge

(On the bridge)

Two blocks down in the park you cant miss it Cant miss it

(No no no)

Two blocks down

Oh oh Now I know I love you, I cant wait to say I do

Sittin on this bridge waitin for you

So, take a right at the telephone booth

Two blocks down theres a park you cant miss it

Oh oh hurry hurry now Take a right by the telephone booth
(Take a right by the telephone booth)
Two blocks down theres a park you cant miss it
(Two blocks you cant miss it)
Dont stop to enjoy the view
(Dont stop)
'Cause I, I really miss you
(Cause I, 'cause I)Theres a bridge right ahead of you
(Theres a bridge right ahead)
Just run for a kiss so meant to be
(To be)
I dont care how
(Care how)So take your time just get here now
(Get here now)
Im the girl
(Im the girl)
On the bridge
(On the bridge)
Two blocks down in the park you cant miss it
