Hide (feat. Sinead Harnett)

Rudimental

Won't give up (I want you)
Won't give up (Go away)
Til I'm high
Won't give upNovember phone call, on the hotline
You see the picture, every single sign
I got a secret
But can you keep it?If tears had balance, what would life be?
You and me would be quiet likely
But you see this
I'm still a misfitI feel,
Running in circles tryna find me
Blindfolded
With only the darkness you're unable to seeI'm not there
I'm not there
And to tell you the truth you should cut me loose,
I'm nowhere, nowhereSo I hide myself away
To another place
I hide oh between the sheets
So you don't see me ah
It's a masquerade
Play another phase
I won't give up, no
Hiding in lies goes inside out so weakWon't give up (I want you)
Won't give up (go away)
Til I'm high (I want you)
Won't give up (go away)Tell another lie, commit another sin
This he says she says is wearing you thin and you know it
But you don't show itTo feel,
Is something I'm tryin' it's so hard to do
Unfolded
Now you're survival I've gotten through,
I am scared
So so scared
And to tell you the truth this is nothing new
So I can't oh I can'tSo I hide myself away
To another place
I hide oh between the sheets
So you don't see me ah
It's a masquerade

Play another phase
I won't give up, no
Hiding in lies goes inside out so weakWon't give up (I want you)
Won't give up (go away)
Til I'm high (I want you)
Won't give up (go away)
Won't give up (I want you)
Won't give up (want)
Til I'm high (I want you)
Hiding in lies goes inside out soWon't give up (I want you)
Won't give up (go away)
Til I'm high (I want you)
Won't give up (go away)
Won't give up (I want you)
Won't give up (want)
Til I'm high (I want you)
Won't give up (go away)Hide myself away
To another place
I hide oh between the sheets
So you don't see me
Try to masquerade
We're another phase
I won't give up, no
Hiding in lies goes inside out so weak
