Let You Go (Brookes Brothers Remix)

Chase & Status

You say
We can't go on this way
Things have got to change
When your gone
And each day
A choice gets made
You think it's yours to make
But your wrongThere's nowhere to run
No place you can go
Nowhere you can hide
Where you won't be found
There's no place on earth
Where you could lay low
Wherever you are
I will track you down
There's no way in hell
I will let you leave
Let you just get up
And walk out on me
There's no way on earth
Hell would have to freeze
More than twice before
I will let you go!Let you go!I will let you go!There's no way on earth
Hell would have to freeze
More than twice before
I will let you goLet you goYou say
