Thorn In My Side

Quicksand

Thorn in, my side.
And you live just to pull me down.
Rusted, nail I stepped on.
This infection.Thorn in my side.
You're full,
I think so,
of anger.
You need to sit down,
stay down.The things you, want but don't get.
Is that fair, I don't think so.
A sure thing, you can count, on.
A big depression.A thorn in my side.
You're full,
I think so,
of anger.
You need to.Your praise, is two faced,
And you're
you're cut down,
my friend.
Cut Down.A thorn in my side, thorn in.
A thorn in my side, thorn in.
