

Something Better

Tantric

Tell me if I'm good enough
Then tell me if you're strong enough
Tell me if I'm to late
To make up for my mistakes I have said this before
But it means so much more to me
This time has been on my side till now
I can't believe I let it get this bad
Well, don't you want something better? And I'm going crazy
Losing you has faded me
You've taken on another hand
This changing everything I've planned You told me in confidence
That you had to admit it didn't feel right
When I can understand those things
I never quite got before Don't you want something better
Something bigger than we are?
This is my open letter
Well, there's a sign that it's not far, yeah Despite all the reasons people tend to go astray
There's nothing left behind
There's all this pain won't go away
I can't say goodbye so I won't even try Don't you want something better
Something bigger than we are?
This is my open letter
There's a sign that it's not far Tell me if I'm good enough
And tell me if you're strong enough
