

Meet Me In Heaven Someday

Alecia Nugent

Brother rejoice, a new day is dawning
Oh, your worldly sorrow will soon fade away
Be ready, dear friend, for that great celebration
Meet me in heaven somedayWill you meet me in heaven someday
Join me in that beautiful place
Just follow your heart (just follow your heart)
And the voice of God calling (while the angels are singing)
And meet me in heaven somedayYou don't know the time, you won't know the hour
Til the angel of death stares you right in the face
So ready your soul, make your preparation
To meet me in heaven somedayWill you meet me in heaven someday
Join me in that beautiful place
Just follow your heart (just follow your heart)
And the voice of God calling (while the angels are singing)
And meet me in heaven someday
