

Vibe

Leon Thomas III

[Intro: Snoop Dogg]Check this out baby girl
There's a few things I wanna explain to you, ya know
Now if you gon' be with me we gotta vibe together
 Now that word means a whole lot to me
 Now what I mean by that, it's simple as this
 You gotta open up your head
 Matter of fact, open up your mind
 And let me put my head inside of your head
 So you can think like me
 and move like me and vibe like me
 You know what I'm talkin' bout?
[Chorus: Snoop Dogg]You can smoke, you can roll
 You can move, you can groove
 You can drink, you can ride
 You can vibe with a pimp
 You can bounce, you can tip
 You can slip, you can ride
 You can shake, you can slide
 You can vibe with a pimp
[Kurupt]You can vibe with a pimp, ride with a pimp
 Dip when I dip, come by my crib
 Post with a playa, let me show you what it is
 I don't really want too much mama, just a little bit
I came to give you want you want mama, wait a little bit
 Got this place I gotta get to, I'ma tell you what it is
 You can roll, you can post, we can ride up on the coast
 Just post with your folks, just vibe with a pimp
 See what I see, she said I'm G'd up, I said I'm guilty
Now run up in the spot girl and throw on somethin' silky
 Bad to the bone, pure redbone
Vibe with a playa, and show me what you're made of
 Ridin' with the all chrome D's on the Brougham
 Out to get the paper, sparklin' like my Dana's
 Wide with the all gold hundred-spokes on
 G'd as I wanna be, can't you see what I see?
[Chorus: Snoop Dogg]You can smoke, you can roll
 You can move, you can groove
 You can drink, you can ride

You can vibe with a pimp
 You can bounce, you can tip
 You can slip, you can ride
 You can shake, you can slide
 You can vibe with a pimp
[Daz Dillinger]C'mon and ride with a gangsta mack
 Pimp, dip, slide with this
 C'mon Snoop git, blaze that shit
 We got these hoes mesmerized
 Hypnotized, blowin' they mind
 A real nigga like this hard to find
Fuck a smile, give me some money bitch, give it to daddy
 In a 645 to a '7-trey Caddy
 Got 'em ringin' my phone, they won't leave me alone
 Stand on it just like a rock, I'll break 'em hard as a stone
 Conversation, illustration, plus a whole lot of patience
 I'll have yo' bitch ass sittin' at the bus station
It's pimpin', my money hold me down, I ain't limpin'
 Everything I got is on these motherfuckin' bitches
I can gorilla and smooth mack her, dick will slap her
 Professionalism, bitch this ain't no actor
 Realer than real, it's hard in the field
 You got to have skills to pay a pimp's bills
[Chorus: Snoop Dogg]You can smoke, you can roll
 You can move, you can groove
 You can drink, you can ride
 You can vibe with a pimp
 You can bounce, you can tip
 You can slip, you can ride
 You can shake, you can slide
 You can vibe with a pimp
