

Love Is Looking for You

[Warren Barfield](#)

Someone's calling your name but you can't hear a sound
'Cause you've allowed the noise to drown it out
Everywhere you go, you're never there
The thought of being afraid has you so scared And all this time you've been looking for love
Love has been looking for you, being still is your next move
Close your eyes, see the truth
You know that love is looking, is looking for you
Yeah, looking for you There's only one way, the path there is different for each of us
I don't know what you need but you need Jesus, yeah
Will you ever learn, it doesn't matter what you know
The less there is of you, the more room there is to grow And all this time you've been looking for love
Love has been looking for you, being still is your next move
Close your eyes, see the truth
You know that love is looking for you
Yeah, looking for you Can't you hear Him
Can't you hear Him callin' out to you
And can't you feel Him
Can't you feel Him looking for you And all this time you've been looking for love
Love has been looking for you, being still is your next move
Close your eyes to see the truth
You know that love is looking, is looking, yeah
Yeah, love is looking for you
