

Agreement

KITARO

Watching the world from our window of life
Can we see all there is that is real, that is right?
To the distance so far from our true understanding
Making us want more, making us see lessThe fire
 Making me clean, making me fly
 Spinning me 'round and 'round
Spinning me 'roundThe fire within your eyes
 This mystic time I've known before
 Once before the flame within my heart
Agreements made are now realized like beforeSpeaking of worlds driven far, far apart
 How the innocence crushes the nature of things
 To the point that we lose all we're trying to gain
Making us want more, making us see lessThe fire
 Making us clean, making us fly
 Spinning us 'round and 'round
Spinning us 'roundThe fire within your eyes
 This mystic time I've known before
 Once before the flame within my heart
Agreements made are now realized like beforeThe fire
 Making us clean, making us fly
 Spinning us 'round and 'round
 Spinning us 'roundThe flame
 Making us clean, making me fly
 Spinning me 'round and 'round
Spinning me 'roundAgreements of trust
 Under the power of love we see
 Agreements of faith
 Under the power of love we know
 Agreements of truth
 Under the power of love we feel
 Agreements of love
Under the power of love we seeAgreements of liberty
 Under the power of love we know
 Agreements to set you free
 Under the power of love we feel
 Agreements of trust
 Under the power of love we see
 Agreements of faith
 Under the power of love we know

Agreements of truth
