

Moving On

Savio Rego

I'm moving on baby
They say life is too short
I'm moving on baby
They say life is too short
If you never really loved me
Don't tell me it's my fault

I'm moving on baby
In search of good love
I'm moving on baby
In search of good love
I know she's waiting out there
I'm gonna find her soon enough

I'm moving on baby
It's about time we move on
I'm moving on baby
About time time we move on
It's takes two to tango
Don't tell me it's my fault
