

# L.A. LOVE (La La)

## Fergie

(La la la la la)

(La la la la la)

(La la la la la)

(La la la la la)(Mustard on the beat ho) Uh, tell 'em where I'm from

Finger on the pump, make the sixth straight jump from SoCal

Hollywood to the slums

Chronic smoke get burnt by the California sun

On the west side, east coast where you at?

Just got to New York like a gnat on a jet

To London, to Brazil, to Quebec

Like the whole damn world took effect to Ferg

Tell 'emLay back, slow down

Better represent when we come to your town

So lay back, slow down

What you represent when we come to your town

Say, get in with the business

I'ma be there in a minute

I just booked a pilot's ticket

Thinking Russia need a visit

I'ma run it to the limit

And be on my way to VeniceL.A. Got the people saying (la la la la la)

Got Mustard on a track

My girls all stack

When I roll down the window, let me know where you are
