Less Than a Moment

Shannon Wright

Why is this delightExcused as nothing?Is this the vigorA vast decay?This ugly stateI shall not answerThis nauseaI delve to slainThis only takes one momentCould you explain your meaningThis only takes one momentMy pleasure is your meaningThis majesty is no longerA replica with no tasteMay i admireYour tinted cheekThis lobby of worthI urge to keepThis only takes one momentCould you explain your meaningThis only takes one momentMy pleasure is your meaning
