

Heartbreaker

Orelha Negra

I'll let the music flow Heartbreaker, Moneymaker
Big gambler, Big spender
Addicted, Convicted
May I try to change you I'll break you, forget you
I'll text you, regret you
Addicted, Convicted
Don't you try to change me Take my hand and let me guide you
Make you understand
Because tonight we'll be together
Forever and ever, and ever and ever
You can't stop me
No you couldn't if you try
You don't own me Don't you stop me Heartbreaker, Moneymaker
Big gambler, Big spender
Addicted, Convicted
May I try to change you
I'll break you, forget you
I'll text you, regret you
Addicted, Convicted
Don't you try to change me
