Grateful

Deandre Patterson

Verse:
In my life Iâ€™ve learned
thanking you makes room for more
I have so many things to be thankful for
When no one else would care
Your love was always there
So from the bottom of my heart
I say thank you

Choir:
In my life Iâ€™ve learned
thanking you makes room for more
I have so many things to be thankful for
When no one else would care
Your love was always there
So from the bottom of my heart
I say thank you

Chorus:
I am so grateful to you
For all the things that you do
My heart is filled with thanks to you
Words canâ€™t express gratitude
From the bottom of my heart
I really want to say
I have to say thank you

(Repeat the Chorus)
