

# Give Him Your Life

## In Due Time

the war is already won  
the goal has been achieved  
it's the battles inbetween that count  
take my hand we will fight this together  
what good is brotherhood  
if it's not bonded by something?  
our brotherhood is bonded by the blood  
bonded to keep this hope alive  
what good is this brotherhood  
if there is not one true bond?  
we need you almighty God  
heal us of our brokeness  
I give you my life almighty God  
just one drop of the blood  
will heal your brokeness  
he offers eternity  
all you have to do is give him your life
