

# Lover Man

## Alicia Keys

First scene opened with the  
Vision of a woman in a chair  
Up in a bedroom  
What she doing there  
She is thinkin of a man  
And the man just could be you  
Write him in a script on a  
Business trip out of town far  
But he wishes he was near  
Does she really want him gotta  
Have him burning desire all she  
Wanna say is listen my dear...Gotta tell ya,  
I can't wait to see you, see, I need my lover man  
Don't you worry about it baby I don't need no other man  
We could be the dream that we always dreamed darling  
Let's turn up the heat until the water boils over  
I can't wait to see you, see, I need my lover man

Second scene it opens with  
A woman at the desk of a  
Job looking at a timepiece  
(Oh yeah)  
Cause there is a fight coming  
In the night carrying the man  
That she's dying to see  
(Oh yeah)  
He's gettin attacked in the  
Second knock by a lady  
That's been missin him bad  
She's all in the scene gotta  
Have him really need him he's  
The kind of lover she never had  
Gotta tell him,  
I can't wait to see you, see, I need my lover man  
Don't you worry about it baby I don't need no other man  
We could be the dream that we always dreamed darling  
Let's turn up the heat until the water boils over  
I can't wait to see you, see, I need my lover man
