In The Shadow, In The Light

Enigma

I promise you, for all my life
I?ll be always by your side
In the shadow, in the light
I?ll follow you, wherever my life goes
But I?ll always be aside
In the shadow, in the light
If we don?t understand
Hell is happy, Heaven is sad
And that?s the result of our brain
Insane
I promise you, for all my life
I?ll be always by your side
In the shadow, in the light
I?ll be always by your side
In the shadow, in the light
Caravan of life
By day and by night
Every tile?s a part of life
If it?s the shadow of light
I promise you, for all my life
I?ll be always by your side
In the shadow, in the light
But I?ll always be aside
In the shadow, in the light
In the shadow, in the light
In the shadow, in the light
I promise you, I promise you, I promise you
In the shadow, in the light
In the shadow, in the light
