Listing

Minus The Bear

I was reliving everything you said
And then it caved in
No one else can make me feel the same
It's how we live

The tide is chasing us in
Don't get wet
Don't get wet
Yeah

No one can see me listing
No one can see
Don't you miss it
Watching me sing

Now you got me you're stuck in my head
And you're not even close to where I am
Sometimes this city brings you in
Let's you know we live

Well of to whoever is him
You and him
Yeah

No one can see me listing
No one can see
Don't you miss it,
Watching me sing?

Sometimes I forget just for a bit
Sometimes I forget just for a bit
Sometimes I forget just for a bit
Sometimes I forget just for a bit
Sometimes I forget just for a bit

No one can see me listing
No one can see
Don't you miss it,
Watching me sing?
