

# I Can't Wait For You To Get Here

[Mat Kearney](#)

Cafes and boulevards, strangers in concrete parks  
I know you'll love it I know you'll love it  
Kingdom without a Queen  
Just till you come to me  
I know you'll love it, I know you'll love it I can't wait for you to get here  
I can't wait for you to get here Pictures for picture frames, padlock with all our names  
Just like we planned it, just like we planned it  
Coach on an airplane, back in my arms again  
Just like we planned, it call in your landing  
I can't wait for you to get here  
I can't wait for you to get here I know you'll love it, I know you'll love it Funny how my whole world could  
change  
If you're not here I'm not the same  
We were pickin' rings and riding trains  
Now we're pickin' paint and middle names  
Paint for the room you'll live in  
Mama's eyes and your daddy's chin  
I know you'll love it, I know you'll love it  
You're under layers of skin  
That's how a life begins  
Wait till you get here, wait till you get here I can't wait for you to get here  
I can't wait for you to get here
