

# Trouble

## Mark Chesnutt

You're gonna get me into trouble  
I knew it right off the bat  
You're gonna get me into trouble  
If you keep lookin' like that I may be alone but there's someone at home  
I just know I'm making a mistake  
A woman like you walked in a place like this  
You can almost hear the promises break You're gonna make me need an alibi  
You're gonna make me have to watch my back  
You're gonna make me have to tell a bunch of lies  
You're gonna make me have to cover my tracks Well I told her I wouldn't, I thought I couldn't  
Now, I'm so ashamed  
When I look at you, it's all that I can do  
To think about "What's her name" You're gonna get me into trouble  
I knew it right off the bat  
You're gonna get me into trouble  
If you keep lookin' like that Don't look like that baby  
No, no, no, no [Solo Break] You're gonna mix my emotions,  
You're gonna tangle my net  
You're gonna make me do something  
That I'm afraid I won't regret I may be alone but there's someone at home  
I just know I'm making a mistake  
A woman like you walked in a place like this  
You can almost hear the promises break You're gonna get me in trouble  
You're gonna get me in trouble  
You Know, You're gonna get me in trouble  
Now don't ya?
