

# Man With a Mission

## Bad Religion

Rescue me when I get too deep  
Talk to me there's nothin' to tell  
Everyone is a hypocrite  
Look to me, I'll save your soul Now somebody out there must be readin' my mail  
'Cause everybody knows Follow me when you give up  
Work for me, it'll serve you well  
Everyone is a hypocrite  
Come to me, I'll save your soul Now somebody out there must be tappin' my phone  
'Cause everybody knows I'm a man with a mission  
I'm gonna fly you away  
High above the noise and competition  
I'm a man with a mission  
(Oh) Ohh yaa Now somebody out there must be readin' my mail  
'Cause everybody knows I'm a man with a mission  
Passing through your town today  
I condemn you to fiery perdition  
And I'm a man with a mission  
(Mission)  
(Oh)
