

# Mary Anne

## Spacemen 3

Mary Anne, hold my hand  
Pretty babe, I understand  
You say it's time to grab it blind  
Cheering crowds they screw my mind  
Just one time, I tell you now  
Do your thing girl and do it loud  
The desert sand, the secret plan  
Lord's own knowledge is in your hand  
Grab a hold and ride that freight  
Be yourself, don't hesitate

Mary Anne, hold my hand  
Pretty babe, I understand  
You say it's time to grab it blind  
Cheering crowds they screw my mind  
Just one time, that's all I ask  
To do my thing, girl, and do it fast  
The desert sand, the secret plan  
Lord's own knowledge is in your hand  
Grab a hold and ride that freight  
Be yourself, don't hesitate

Mary Anne, hold my hand  
Pretty babe, I understand  
You say it's time to grab it blind  
Cheering crowds they screw my mind  
Just one time, I tell you now  
Do your thing girl and do it loud  
The desert sand, the secret plan  
Lord's own knowledge is in your hand  
Grab a hold and ride that freight  
Be yourself, don't hesitate
