

Help Me

Alkaline Trio

Here you find me in between heaven and hell, my dear
Where nothing's what it seems
Its just as well I fear Im giving you the creeps
And a farewell kiss to go into the unknownSaw you standing there outside the music hall
You come out for some air
Uncertain curtain call and everyone just stared
When you took the stage that night
Somethings not rightYoure up there, took the stairs to the stars all alone
You left all the lights burning but nobody's home
I believe they deceived your tuneful heart too long
And they singHelp me, help me wont you?
Sing me, sing me one last song
Help me, help me, somebody help me
Save me from myselfHere I find you in between heaven and hell again
Where nothing's what it seems
Its just as well I plan on giving me the creeps
And a farewell to arms and legs and heads and heartYoure up there, took the stairs to the stars all alone
You left all the lights burning but nobody's home
I believe they deceived your tuneful heart too long
And they singHelp me, help me wont you?
Sing me, sing me one last song
Help me, help me, somebody help me
Save me from myself, take me from this hellAnd they sing
La, la, la, la, la, la, la, la
La, la, la, la, la, la, la, la
La, la, la, la, la, la, la, la
La, la, la, la, la, la, la, laYoure up there, took the stairs to the stars all alone
You left all the lights burning but nobody's home
I believe they deceived your tuneful heart too long
And they singHelp me, help me wont you?
Sing me, sing me one last song
Help me, help me, somebody help me
Save me from myselfHelp me, help me wont you?
Sing me, sing me one last song
Help me, help me, somebody help me
La, la, la, la, la, la, la, la
Save me from myself, take me from this hell
