

# 14th Street and Mars

**Michelle Malone**

I've been sitting here on your front porch  
Waiting like a fool I feel so confused  
Nothing much has changed the picture frame's  
Still laying in the yard at 14th Street and Mars Since you went away  
Since you went  
Since you went away  
Since you went  
Since you went away Looking in the panes, the fireplace was cold  
I tried the door where your hand was before  
Walking through the yard, green with spring  
The dogwood was in bloom still no sign of you Since you went away  
Since you went  
Since you went away  
Since you went  
Since you went away All I want to do, all I want to do, all I want to do  
I wanna see your face  
I, I, I wanna see your face  
I wanna see you, I, I wanna see you  
I wanna see you, I, I wanna see your face  
I wanna see you I've been sitting here on your front porch  
Waiting in the dark at 14th Street and Mars
