

Prison Break

Manifest

I could never say no
Making my veins glow
Take another one
Try to let the pain go I know its killing me
Its not my destiny I float in outer space
Im in another place
Then I black out
Wake up and Im so afraid This burden's suffocating
By a thread Im barely hanging All the nights, and all the lies you sold to me
I sacrificed and lost a time Ill never see
You stared and you kicked me as I crawl
Watch me stand when you thought Id fall
Ill make this prison break Suffering the same road
Stuck in the same clothes
When I try to run
Hunt me in my cage closed My world is twist and tattered
My heart is beat and battered Even when Im shaken
About to cave in
My faith rises
I can feel my spirit raging I pray and someone hears me
Today Im done believing All the nights, and all the lies you sold to me
I sacrificed and lost a time Ill never see
You stared and you kicked me as I crawl
Watch me stand when you thought Id fall
Ill make this prison break I wont keep walking blind
I wont let down my eyes
You wont fool me this time Take control of my life
Manifest in the light
I wont lay down and die! All the nights, and all the lies you sold to me
I sacrificed and lost a time Ill never see
You stared and you kicked me as I crawl
Watch me stand when you thought Id fall
Ill make this prison break
