

Shine to Me

Ursel

Theres a secret in my heart
that its tearing me apart
like a summer with no sun
like a game without fun
Theres a secret in my heart
as a shake poison me hard
sinking feeling in my heart
I cant keep on looking smart
I dont know where I was born
I dont know what I recall
I dont know if I can talk
about the secret in my heart
Theres a secret in my heart
that its tearing me apart
like a summer with no sun
like a game without fun
