

# Button For Punishment (Acoustic)

## Everybody Else

I'm taking a chance  
'cause that's all i got  
When i walk away  
You'll tell me to stop  
The back of my head  
Too painful to see  
And i feel a shadow  
Following me  
I can't get enough  
You really are a torturess, my girl  
An audience that isn't impressed  
You are my button for punishment  
That i push until i'm satisfied  
My jacket is on  
Can leave when i want  
Both only a word i'll be nailed to the spot  
Where your lashes stared  
And your breath was warm  
Like delicate breezes  
Before the storm  
You could almost forget  
You really are a torturess, my dear  
A teacher looking over my test  
You are my button for punishment  
That i push until i'm satisfied  
But i'm not satisfied  
Give me some punishment  
Oh, i can take it  
Give me more, oh, please  
Baby, help me  
Kill me  
I would lose my mind if i can't stay  
...if i can't stay  
So don't you forget  
When walking where the river leads  
Wearing a ring that's from a vending machine  
I am a glutton for punishment  
And i won't stop until i'm satisfied  
But i'm not satisfied  
Give me some punishment  
On this rainy evening  
No use hiding on  
The corner of pitz & mercy (?)  
You accidentally said you loved me  
Now, i bet you wish you could just take it back  
But now i know it's a fact

And that's your punishment
