Goodnight To Today

Kelly Willard

Your tummy is full,
You've taken your bath,
I tickle your toes,
We both had a laugh.
I turned out the light,
Coz everything's right,
So let's say goodnight to today.

Your tummy is full,
You've taken your bath,
I tickle your toes,
We both had a laugh.
I turned out the light,
Coz everything's right,
So let's say goodnight to today.

For this day is fading
But tomorrow is waiting,
Waiting for baby to wake up and play.
So lets close our eyes and lets say goodnight to today.

For this day is fading
But tomorrow is waiting,
Waiting for baby to wake up and play.
So lets close our eyes and lets say goodnight to today.

Your tummy is full,
You've taken your bath,
I tickle your toes,
We both had a laugh.
I turned out the light,
Coz everything's right,
So let's say goodnight to today.

Let's say goodnight, goodnight to today.
