

Ten Speed (Of God's Blood & Burial)

Coheed and Cambria

I can feel it in the way your blood and heart beats
My body's cold and it thinks that I'm already gone
Or is it in the way your body moves
I'd like to tell you
But I think that you already know
The words I drag out from your mouth speak
So listen up world, listen up world
In her vision I have given countless heed
They see no evil in leading their bodies from home Believer, you'll leave her, in leaving them all
No but I don't buy it
Like anything you do, as anyone you are
Ten Speed, if I must... then I must Believer, you'll leave her, in leaving them all
No but I don't buy it
Like anything you do, as anyone you are If written wrote me even chance
And the choice to save you
I wouldn't answer if it even had to ask
In her figure I've instilled a taste of my own
So listen up world, listen up world
To make it easier to take what life I'm owed
As the curse has returned from the hell of your
Heart and your soul Believer, you'll leave her, in leaving them all
No but I don't buy it
Like anything you do, as anyone you are
Ten Speed, if I must... then I must Believer, you'll leave her, in leaving them all
No but I don't buy it
Like anything you do, as anyone you are Nobody knows but you
Nobody knows but you
'Cause I don't want to ride tonight...
No I don't want to go
I don't want to ride tonight...
Or maybe I don't want to go [Spoken:]
"But are you going to kill her off?"
"It's not your decision, I love her character, she stays."
"Yeah, well the only thing love's done is put you in this position; I say kill her off!"
"Yeah, but you say a lot of things... and how does that work? You're a bicycle" Believer, you'll leave her, in
leaving them all
No but I don't buy it
Like anything you do, as anyone you are
Ten Speed, if I must... then I must Believer, you'll leave her, in leaving them all

No but I don't buy it
Like anything you do, as anyone you areCause I'm...
