

# Undermine

LUDVIG HOLM/FILIP JENVEN

Sometimes good intentions  
Don't come across so well  
Ain't worth thinking bout  
Just cause I ain't lived through  
Same hand that was dealt to you  
Don't make me any less  
Make any more of you.

I wouldn't trade my best day.  
So you could validate  
All your fears.

And if I've only got one shot  
Won't waste it on a shadow box  
I'll stand right here.

It's all talk talk talk  
Talking in the wind  
It only slows you down  
If you start listening  
And it's a whole lot harder to shine  
Than undermine  
Than undermine.

First mile is always harder  
When you leave what you know  
Won't beg you if you stay here  
Waving as I go  
Always wished the best for you  
Thought that you'd see me through  
My wildest dreams  
Yea the ones you thought I'd never make

Still, you would trade your best day  
Just to have your way  
All these years  
And if you only had one shot  
Maybe all this talk  
Would disappear

Chorus
