Tensioning

Sparta

Piece this together and it's always a fight
This puzzle's intact and you're always right
The sky could fall, the bliss of beginning replaced with an end
And the sky could fall, it's always, it's always the sameAnd it ends from a scream to a whisper
Can you free me from these words and let me forget?
And it ends from a scream to a whisper
Can you free me from this world and help me forget?Tensioning trouble, we're condemned to repeat
From covered up lies, what is all out of reach
The sky could fall, this bliss of beginning replaced with an end
And the sky could fall, it's always, it's always the sameAnd it ends from a scream to a whisper
Can you free me from these words and let me forget?
And it ends from a scream to a whisper
Can you free me from this world and help me forget?I can't be right this time, I can't be right this time
It's all in my head, all in my head
And you can't be wrong this time, you can't be wrong this time
It's all in your head, all in your headAnd I can't be right this time, I can't be right this time
It's all in my head, all in my head
And you can't be wrong this time, you can't be wrong this time
It's all in your head, all in your headAnd the sky could fall
And I can't be right this time, I can't be right this time
It's all in my head, all in my head
And you can't be wrong this time, you can't be wrong this time
It's all in your head, all in your headAnd the sky could fall
And I can't be right this time, I can't be right this time
It's all in my head, all in my head
And the sky could fall and it's always, it's always the same
And you can't be wrong this time, you can't be wrong this time
It's all in your head, all in your head
I can't be right this time, I can't be right this time
It's all in my head, all in my headAnd it ends from a scream to a whisper
Can you free me from these words and let me forget?
And the sky could fall and it's always, it's always the same
And it ends from a scream to a whisper
Can you free me from these words and let me forget?And the sky could fall
I can't be right this time
And the sky could fall
You can't be wrong this time
Can you free me from this world and help me forget?
From a scream to a whisper
