

# Turn Up the Radio

## Autograph

Ooh yeah  
Turn it up  
Come on I'm working hard, you're working too  
We do it every day  
For every minute I have to work  
I need a minute of play Day in, day out, all week long  
Things go better with rock  
The only time I turn it down  
Is when I'm sleepin' it off Turn up the radio  
I need the music, gimme some more  
Turn up the radio  
I wanna feel it, got to gimme some more Now listen  
I wanna shake, I wanna dance  
So count it of one, two, three  
I hear the beat, I'm in a trance  
No better place to be Daytime, nighttime, anytime  
Things go better with rock  
I'm goin' twenty four hours a day  
I can't seem to stop Turn up the radio  
I need the music, gimme some more  
Turn up the radio  
I wanna feel it, got to gimme some more Turn up the radio  
I need the music, gimme some more  
Turn up the radio  
I wanna feel it, got to gimme some more Turn up the radio  
I need the music, gimme some more  
Turn up the radio  
I wanna feel it, got to gimme some more Turn up the radio  
I need the music, gimme some more  
Turn up the radio  
I wanna feel it, got to gimme some more Turn up the radio  
Turn up the radio Turn that thing on
