

# Wish You Were Here

## Balsam Range

I can just see them  
Walking on the shores of Heaven  
They're praising the Lord  
and watching the tide roll in  
Friends that have gone on  
Oh how I miss you so  
And somehow I know if you could  
That you'd let me know

That you're doing fine  
And it doesn't hurt anymore  
Things couldn't be better  
And Heaven is worth waiting for  
That you miss me too  
Until then, you'd be praying for me  
And I know if you could talk to me now,  
That here's what you'd say to me

Wish you were here  
It's such a beautiful place  
Wish you were here  
There's nothing but clear, sunny days  
It never rains  
And no one complains  
And we haven't seen a tear  
We're having a great time  
Wish you were here

I can just see them  
Walking on the shores together  
They're talking with Jesus  
Safe and secure His love  
Friends and loved ones walking in Heavenly peace  
And I know if they could talk to me now  
That here's what they'd say to me

Wish you were here  
It's such a beautiful place  
Wish you were here  
There's nothing but clear, sunny days

Well it never rains  
And no one complains  
We haven't seen a tear  
We're having a great time  
Wish you were here

Well it never rains  
and no one complains  
We haven't seen a tear  
We're having a great time  
We just wish you were here
