A Regular Girl

A Regular Girl by Tommy John Ehman

Long dark hair, pretty brown eyes
Walking in them Levi jeans
She donâ€™t know it but sheâ€™s all right
Always looked good to me

She grew up just three doors down
Used to drive her home from school
Sheâ€™d sit close just to tease my heart
I sure thought I was cool

Sheâ€™s just a regular girl I know
A regular girl I know
Never too high never too low
Just a regular girl I know

We got older and I moved on, lost all track of time
I heard she married somebody I knew
An ex best friend of mine

Now I found my way back home that summer
Searching for what I lost
She still had that look in her eye
And I lost more than I thought

Chorus

Now I know my chance may never come
Thatâ€™s all right I guess
I keep stumbling over my heart
But sheâ€™ll always be the best

Chorus
