Pissed Off

Chad Dubz

Uh, yeah, try to be cool
Tired feeling all that, you know what I'm sayin'?
Positive, you know what I'm sayin'?
Check itSo pissed off
Lookin' at life through the glass that you shattered
Little shit like love doesn't matter anymore
Baby, whassup?Nigga, you so ticked off
Can't let up long enough to get over it
Brotha, can I live, can a sister live?
GoddamnSo pissed off
Lookin' at life through the glass that you shattered
Little shit like love doesn't matter anymore
Baby, whassup?Nigga, you so ticked off
Can't let up long enough to get over it
Brotha, can I live, can a sister live?
GoddamnI tried to find a tree
Where we could lay happily
In the shade gradually
There were things revealed to meI can't even hold down a job
Tryna follow up and behind me
You're over-protective and you're jealous
Change when you're around the fellowsEvery man I speak to, something's goin' on
Look at you, look at you
Running around like a damn fool
So busy accusing me when it's your insecuritySo pissed off
Lookin' at life through the glass that you shattered
Little shit like love doesn't matter anymore
Baby, whassup?Nigga, you so ticked off
Can't let up long enough to get over it
Brotha, can I live, can a sister live?
GoddamnYou need an inner appeal
So your anger just relieve
I never meant to cause you pain
But it was there before I cameMakin' crazy accusations
Tracing all of my footsteps
Overreactin', got me packin'
Tryna get out before you get back inLook at me, look at me
I can't allow you to live rent free
In my heart or in my head

Can't let you back in my bedSo pissed off
Lookin' at life through the glass that you shattered
Little shit like love doesn't matter anymore
Baby, whassup?Nigga, you so ticked off
Can't let up long enough to get over it
Brotha, can I live, can a sister live?
GoddamnSo pissed off
Lookin' at life through the glass that you shattered
Little shit like love doesn't matter anymore
Baby, whassup?Nigga, you so ticked off
Can't let up long enough to get over it
Brotha, can I live, can a sister live?
GoddamnBaby, what's wrong with you?
What's got you so pissed off?
Can't get along with you
Love, I got to move on
Gotta get him outta my lifeCan't let you go on with it
Now 'cause you pissin' me off
I don't wanna be stressed out
Gotta get my life
You know I gotta get my lifeSo pissed off
Lookin' at life through the glass that you shattered
Little shit like love doesn't matter anymore
Baby, whassup?Nigga, you so ticked off
Can't let up long enough to get over it
Brotha, can I live, can a sister live?
GoddamnSo pissed off
Lookin' at life through the glass that you shattered
Little shit like love doesn't matter anymore
Baby, whassup?Nigga, you so ticked off
Can't let up long enough to get over it
Brotha, can I live, can a sister live?
GoddamnSo pissed off
Lookin' at life through the glass that you shattered
Little shit like love doesn't matter anymore
Baby, whassup?
