

Let It Go

Amelie

I have been waiting for
My time to break away
You shut me up and pushed me
harder like a game
I was alone no one could
Hear me from this place
You didn't know but
I got stronger everyday But here I am
standin' on my own
I'm not afraid to know that
I was wrong
It's time to let it go and
Be strong cuz we know
We're gonna take the world,
Take the world
And I will break the walls
We're gonna take the world,
Take the world tonight We're all like shooting stars just
Tryin' to keep our light
Can't stop and stare cuz now we're
Falling everywhere But here I am standing on my own
I'm not afraid I know that
I was wrong
It can be hard to free you mind
To do what's right for you
When you got lost
But now you're not
It's just fine cuz you can smile,
When you look back
And you'll just realize
You touched the sky
